Accessories

If there is an accessory you want, but cannot find in this section, please request it so that we may contact our suppliers. There are dozens of accessories offered by our suppliers, therefore we do not keep stock of everything. We can special order accessories; however, specially ordering an accessory for you will cost anywhere between R10-R200 depending on the request.

Metals

Majority of our products are made from Brass, Iron, Sterling Silver and stainless Steel. If you have any allergies, please inform us, although we will make sure to ask. Sterling silver is the most expensive metal, and the most hypoallergenic metal available.

Cord

We primarily offer faux sued cord and waxed polyester cord. However, you may request leather, or other materials, and we will let you know if we are able to get that material for your order.
